

Sherwood Hammock – Native Plant Society visit 6/17/21

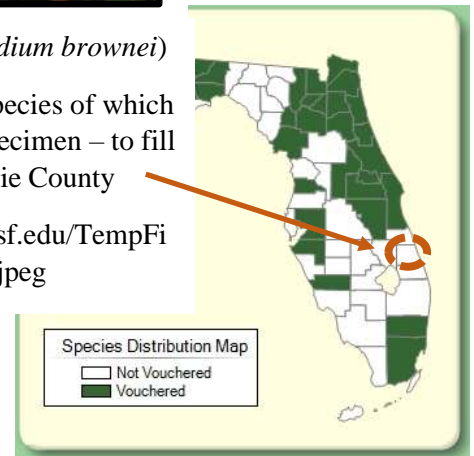

We felt like we were being watched, and indeed we were !

Browne's Savory (*Clinopodium brownei*)

This was one of several species of which we collected a voucher specimen – to fill in that data gap for St Lucie County

https://florida.plantatlas.usf.edu/TempFiles/MapPic_Species3353.jpeg

Butterfly orchid (*Encyclia tampensis*) Voucher specimen collected to fill in the gap for St Lucie County
<https://florida.plantatlas.usf.edu/Plant.aspx?id=2477>

- Added dozens of 'new' species to the flora & fauna list for the property
- Collected 7 voucher specimens to be added to the virtual atlas that were previously un-recorded in St. Lucie County
- Thanks to everyone who participated
- More to do – visits to resume visits in the fall
